

REFERENCE

Avolon, Dublin

Application Field

- Floor coating –decorative systems

Structure Type

- Office and administration buildings

Brief Description

Avolon is a leading global aircraft lessor, providing aircraft leasing and lease management services to airlines and aircraft investors worldwide. Avolon's new Headquarters in Dublin were officially opened in February 2012.

Main Problem and Requirements

The requirement was for a seamless floor system to be applied over the raised access floor to the reception and circulation areas. Remmers PUR Comfort Floor system was chosen, giving a flexible, comfortable and seamless finish.
